For Rachel Falsetti, Transportation Programming

Dear Mr. Kempton:

SUBJECT: FY 2007 FTIP Amendment No. 6 – Tulare County Association of Governments (TCAG)

The Federal Highway Administration (FHWA) and the Federal Transit Administration (FTA) have completed the review of Amendment No. 6 to the TCAG 2007 Federal Transportation Improvement Program (FTIP) that was submitted by your letter dated April 10, 2007. TCAG adopted Amendment No. 6 with Resolution No. 1685 on February 26, 2007. With that action, the TCAG Board of Directors approved the program modifications and reaffirmed the consistency of the TCAG FTIP with the applicable State Implementation Plan (SIP) for air quality.

The TCAG 2007 FTIP Amendment No. 6 increases FFY 2006/07 Transportation Enhancement funding for a pedestrian facility on SR 63 from Avenue 408 to Albert Avenue from \$810,000 to \$940,000 and programs five FTA Section 5311 grant projects in the City of Tulare in FFY 2006/07.

Pursuant to the July 15, 2004, *Memorandum of Understanding between the Federal Highway Administration, California Division, and the Federal Transit Administration, Region IX*, we accept the modifications to the 2007 Federal Statewide Transportation Improvement Program (FSTIP) for the TCAG region in accordance with the Federal statewide and metropolitan transportation planning regulations codified in 23 CFR Part 450. We find that TCAG's 2007 FTIP, through Amendment No. 6, was developed through a continuing, cooperative, and comprehensive transportation planning process carried out in accordance with the metropolitan planning provisions of 23 U.S.C. Chapter 134, and 49 U.S.C. Chapter 53. This approval is provided with the understanding that the FTA funding approval on the individual projects contained in the FSTIP are subject to grantees meeting all necessary FTA administrative requirements.

**MOVING THE
AMERICAN
ECONOMY**

We have determined that this program modification is exempt from the regional emissions analysis requirements pursuant to the transportation conformity provisions found in 40 CFR Part 93 Sections 126 and 127. This finding has been coordinated with Region 9 of the Environmental Protection Agency (EPA) in accordance with the procedures outlined in the *National Memorandum of Understanding between DOT and EPA on Transportation Conformity*, dated April 25, 2000. Therefore, we find that the FTIP continues to conform to the applicable State Implementation Plan (SIP).

This letter constitutes approval and inclusion of the TCAG's FTIP Amendment No. 6 into California's 2006/07 – 2008/09 FSTIP.

If you have questions or need additional information concerning our approval for this TCAG FSTIP amendment, please contact Steven Luxenberg (steve.luxenberg@fhwa.dot.gov) of the FHWA California Division office at (916) 498-5066.

Sincerely,

/s/ K. Sue Kiser
